## AIRPLANES KEEP VIGIL OVER HOME AT OYSTER BAY

Army Aviators at Long Island Field Honor Dead Statesman

## SIMPLE FUNERAL SERVICES IS PLANNED BY WIDOW

Employees On Roosevelt Estate Will Act As Pallbearers.

(ASSOCIATED PRESS TELEGRAM)  
Oyster Bay, N. Y., Jan. 7.—With the flags of Oyster Bay drooped at half mast and its citizens in deep mourning over the death yesterday of Colonel Theodore Roosevelt, arrangements for the most tentative funeral services here tomorrow were being perfected today by members of the family. High in the air over the Long Island field maintained a ceaseless vigil, occasionally swooping downward to drop a wreath of laurel among the elms near the mansion.

In accordance with the wishes of the former president, as expressed by Mrs. Roosevelt, the obsequies will be of almost Spartan simplicity. First, there will be a prayer tomorrow at the house, attended only by the family. At 12:45 o'clock the Protestant Episcopal service for the dead will be read in Christ church by the rector, Rev. George E. Talmage. There will be no music, no eulogy, no honorary pallbearers. Mrs. Roosevelt has requested that the flowers be sent. Former employees of the Roosevelt estate probably will carry the coffin.

Burial will be in Youngs' Memorial cemetery—the "God's Acre" of the old Youngs' farm. Colonel Roosevelt will lie among the first of the great men of a knoll overlooking Oyster Bay, a beautiful spot, selected soon after he left the White House. The cemetery was established as a family burial place by an old Long Island family nearly two centuries ago. The colonel will be the first of the Roosevelts to be buried in the family plot.

The quaint church where the service will be held has a seating accommodation for only 350 persons. Admission will be by ticket. The church recently celebrated its 200th anniversary. A bronze tablet bearing the names of the vestrymen, includes that of Theodore Roosevelt, president of the United States. Two pages of foils hang in cases on the walls, carry the names of young men of the church who entered the service for the war. The names of Colonel Roosevelt's sons head the list.

While the ex-president regularly attended services at Christ church when in Oyster Bay, he was at the time of his death a member of the Collegiate Reformed Church of St. Nicholas, Fifth avenue and 48th street, New York City. At this church he was baptized and later, as a young man, united in the confession of faith at its altar, as his parents' had done before him. Mrs. Roosevelt is an Episcopalian and as there is no Dutch Reformed church in this town the colonel attended divine worship at old Christ church.

Captain and Mrs. Archibald Roosevelt, congressman and Mrs. Nicholas Longworth, and Mrs. Theodore Roosevelt, Jr., arrived at Sagamore hill last night. The colonel's other sons—Kermit and Theodore, Jr.—are still in Europe.

Mrs. Richard Derby, who was Ethel Roosevelt, now the wife of Major Richard Derby of the medical corps, United States army, is expected to arrive in Oyster Bay tomorrow with two children from Aiken, S. C., where she has been sojourning. The major is in France.

This was one of 500 telegrams and cable messages which poured into Oyster Bay for Mrs. Roosevelt during the night. They came from private citizens, congressmen, ambassadors, congressmen—men of all ranks and distinction, and women, too.

Alexandria, queen mother of England, cabled the following: "I am, indeed, grieved to hear of the death of your great and distinguished husband, for whom I had the greatest regard. Please accept my deepest sympathy in the irreparable loss you have suffered."

From former President Taft, dated Harrisburg: "I am shocked to hear the news of your loss. My heart goes out to you and yours in great sorrow. The country can ill afford in this critical period of history to lose one who has done and could in the next decade have done so much for it and humanity. We have lost a great patriotic American, a great world figure, the most commanding personality in our public life since Lincoln. I mourn his going as a personal loss. Mrs. Taft and I tender you our sincere and deepest sympathy."

## PRES. WILSON SENDS MESSAGE OF SYMPATHY

(ASSOCIATED PRESS TELEGRAM)  
Oyster Bay, Jan. 7.—Mrs. Roosevelt received during the night a cablegram of sympathy from President Wilson, dated Monday, which is on the Franco-Italian frontier, reading as follows: "I am deeply grieved to hear of the death of your distinguished husband, the news of which has shocked me very much."

## CUBA HONORS MEMORY OF LATE EX-PRESIDENT

(ASSOCIATED PRESS TELEGRAM)  
Havana, Monday, Jan. 6.—Cuba's flag will fly at half staff over all forts, naval vessels, public buildings and military posts on the island until after the funeral of Theodore Roosevelt in accordance with a decree issued by President Maza last night. The decree in part follows: "Ex-President of the United States Roosevelt is dead. His irreparable loss is not a moment of deep mourning for his own country alone, but also in the highest degree for Cuba, for whose liberation he fought so bravely on the fields of battle, and whose national independence he defended."

## SEEKS FOURTH TERM AS CHICAGO MAYOR

Capt. Carter Harrison, now with the Red Cross in France, has been mayor of Chicago three times. He is now a candidate for a fourth term on the Republican ticket.

## BOY SCOUTS TO PLANT TREES AS MEMORIAL

(ASSOCIATED PRESS TELEGRAM)  
New York, Jan. 7.—In order to give permanent expression to "all Colonel Roosevelt stood for the boys of the nation," 16,000 troops of the Boy Scouts of America, comprising 440,000 members, were instructed to plant one or more trees with suitable inscription and ceremony in memory of the former president, the national council of the organization said in a telegram of condolence sent to Mrs. Roosevelt at Oyster Bay. Colonel Roosevelt's telegram continued, had aided materially in the development of the scouts, each of its members regarded him "as their hero."

## BUSINESS MEN TO JOIN TAX DISCUSSION

A meeting of the board of directors of the Chamber of Commerce will be held tonight and among the many things to come before it is the naming of a committee to go to Columbus, Friday, to discuss the problems and needs. When asked concerning Newark, T. J. Appleyard, Jr., secretary of the Newark organization, stated that as far as could be learned Newark would have a deficit of \$50,000 by the end of 1918.

The deficits are caused generally by insufficient taxes, lack of proper valuation and other circumstances. At the close of the meeting tonight, President J. S. Hetzow will designate the men to attend the Columbus conference. It is also expected that the completion of the industrial fund may be announced at tonight's session.

## MOTHER AND BROTHER DIE WITHIN WEEK

Herman G. Hayes, aged 33, brother of Mrs. J. T. Harbottle of this city, died Monday at Mt. Carmel hospital, Columbus, where he was taken several weeks ago for post-operative treatment. He had been operated upon at the Mayo hospital, Rochester, Minn., last fall.

Mr. Hayes was a resident of Columbus until eight years ago when he went to San Antonio, Texas.

Mrs. Hayes, Julia Hayes, died during the past week. The funeral will be held Wednesday morning at 9:30 o'clock at St. Mary's church, Columbus.

## SOLDIER IN HOSPITAL IS REPORTED MISSING

Mrs. Florence Taylor of Route 6, received a telegram from Washington, Saturday, stating that her husband, Private Louis E. Taylor of the 24th infantry, had been missing in action since October 4.

The family is not alarmed, however, as letters have been received frequently from Private Taylor, and he states he has been in a hospital in France since November 17.

## SENATE VOTES TO RATIFY NATIONAL DRY AMENDMENT

Vote Was 20 To 12 and Resolution Goes To The Lower House

## REFERENDUM RESOLUTION DEFEATED BY SAME VOTE

Friends of Measure Predict Its Prompt Adoption In House Wednesday

(ASSOCIATED PRESS TELEGRAM)  
Columbus, Jan. 7.—By a vote of 20 to 12 the Ohio state senate today voted to ratify federal amendment providing for nation-wide prohibition. By the same vote the senate defeated an amendment proposed by Senator Wright of Cleveland to submit the resolution to a referendum vote of the people before it could become effective. Senators who voted in the senate chamber applauded when the vote was announced. It was the first important action of the 83rd general assembly.

The resolution went to the house where it is expected to be passed later today by an even larger majority. The ratification resolution was introduced by Senator Wright of Logan county. Senator Wright of Cuyahoga, in offering an amendment to provide for the submission of the resolution to a referendum vote of the people, said he did so as a friend of the referendum. He said he did not question the validity of the vote on prohibition in Ohio.

An attempt to suspend the rules in the house to permit an immediate vote on the federal prohibition amendment failed by a vote of 76 to 41. Eighty-three favorable votes were needed for this action. The ratification of the resolution, under the rules, will go over until tomorrow, when a vote on it will be taken. Dry leaders say the measure will receive more than enough votes and before tomorrow night Ohio will have been added to the list of states that have ratified national prohibition.

Senators voting for the adoption of the amendment were: Ake, Archer, Beebe, Berry, Busby, Davis, Demuth, Hopley, Kryder, Latham, Liggett, Lloyd, Miller, Parrett, Patterson, Ritter, Sparks, Stone, White, Whittemore, (20); against adoption: Agnew, Bellew, Egan, Holden, Holt, Jones, Frank, Mettler, Norris, O'Brien, Snyder, Wagner, Wright (12).

The entire Cleveland, Cincinnati and Toledo delegations voted against adoption of the resolution.

## NEAL WILL IS HELD INVALID

Court Holds Instrument Was Not Executed According to Law—Estate Valued at \$50,000.

Judge Robbins Hunter of the probate court has passed on what is purported to be the will of the late W. W. Neal, disposing of \$40,000 in personal property and \$10,000 in real estate by declaring it invalid. It was written on a scrap of paper by Mr. Neal on May 25, 1917, and was witnessed by P. W. Jones, with the expeditionary forces in France, and Mrs. Frances O'Bannon.

Judge Hunter after examining Mrs. O'Bannon, which was merely formal, stated that at the time of the execution of the paper writing it was not acknowledged by Mr. Neal as his last will and testament, and that the execution of same was not in accordance to law as it did not actually dispose of or bequeath any property; and it was therefore necessary for the court to refuse to admit the paper writing to probate as a will.

The paper writing merely requested that certain envelopes in a safety deposit box be distributed to the persons whose names appeared thereon.

## WILL REPORT BILL TO BUY FOOD FOR EUROPE

(ASSOCIATED PRESS TELEGRAM)  
Washington, Jan. 7.—Representative Sherry of Kentucky, chairman of the house appropriations committee, today planned report to house a bill appropriating \$100,000,000 for relief work in Europe. The bill was introduced by Mr. Sherry and was approved by the appropriations committee yesterday by a vote described as "very close," which some members had indicated the measure would meet with opposition on the floor of the house. Chairman Sherry has announced he would seek prompt action on the bill in accordance with the president's request.

## SNOOR PASSES TEST WITH HIGH GRADE

Lars H. Snoor, former custodian of the court house here was notified today that he passed the state civil service examination for landscape gardener in the state house grounds in Columbus. He has a grade of 87.5 percent. He was also advised that he was selected on the list of eligibles for appointment to the position. Snoor is a native of Denmark but has been in this country since 1885 after reaching the grade of brigadier general in the Danish army. He has served in the army in command of military detachments sent to the Virgin Islands, now owned by the United States.

## IN THE FACE OF THIS GERMANY CRIES FOR FOOD AND AID

Group of starving, disease-infested British prisoners released from German prison camp.

This picture speaks for itself. The British soldiers shown were released recently from a German prison camp under the terms of the armistice. They are starved and suffering from disease and malnutrition. They tell stories of ill treatment and abuse at the hands of the Germans that would be unbelievable were they not substantiated by the condition of the men. Hundreds of their comrades died. In the face of this evidence Germany continues to ask the allies for food and aid.

## COUNCIL COMMITTEES OPPOSE GAS AND TELEPHONE RATE INCREASES

Turns Down Gas Company's Request While Escrow Fund Is In Litigation and New Phone Rate Not Thought Proper

A regular meeting of the city council was held last evening and a great deal of business was transacted, due in a measure to the closing up of the business of the various departments for the past year and which included the reports of city officials. The appropriation ordinance was also passed providing for the current expenses for the fiscal half-year ending June 30, 1919. The law committee also reported on the proposed increase in rates requested by The Newark Telephone company, stating that it did not think it proper after holding public meetings on the matter and hearing discussions by the company and patrons to grant the increase. The committee also recommended that no action be taken on the request of The Newark Natural Gas and Fuel company for an increase of rates as long as the city was involved with the company in a case in the courts.

Committee appointments of President R. L. Williams were announced as follows: Finance—Keys, Knauber and Faust. Street—Newark, Ashbrook, Baker, Keyes, Redman and Riggs. Public Service—Faust, Baker and Bazler. Public Safety—Baker, Faust and Redman. Law—Knauber, Riggs and Ashbrook.

County relation—Redman, Ashbrook and Knauber. State Relation—Bazler, Redman and Newkirk. The appointments were confirmed by the council, the members of the committees being the same as last year. The public service committee reported on the telephone rate ordinance as follows: "We, the public service committee to whom ordinance in the interest of The Newark Telephone company was referred, beg leave to report as follows: "We, your committee, realizing that it was a proposition affecting all patrons of the company, decided the proper method to pursue was to call a public meeting on the question. "Two public meetings were held and were well attended, much discussion of the proposition by company and patrons was indulged in, so much so that your committee does not think it proper to grant the increased rate taken by The Newark Telephone company and now asked to be granted by this honorable body. "To grant the request means to change the contract between the city and the telephone company, to change the contract from a contract of the rights of the people of the city of Newark." ## CONTROLS GERMAN GOVERNMENT'S ARMY

Declares Smith Defeated Fulton

Lieutenant Gov. Bloom Says Controversy Must Be Settled By Some Other Agency.

(ASSOCIATED PRESS TELEGRAM)  
Columbus, Jan. 7.—Lieutenant Governor Earl D. Bloom, before a joint session of the two houses of the legislature meeting to canvass the recent state election today declared Judge Harvey Smith of Zanesville, Republican, elected secretary of state over Wm. D. Fulton, Democrat, of Newark. The lieutenant governor declared that he could not go back of the official returns, but in a statement called attention to the fact that the law provides that a judge cannot be a candidate for an elective office. As Judge Smith failed to resign as probate judge of Muskingum county before being elected secretary of state, the question involved would have to be settled by other agencies, the lieutenant governor declared.

Following the formal action of the legislature in declaring Judge Harvey Smith of Zanesville, elected secretary of state, Fulton was said to be prepared to appeal directly to the supreme court for a decision. Fulton has been advised that an election may appeal an election contest directly from the canvassing board of the general assembly to the supreme court for final decision. This will not be in the nature of a suit but a formal appeal from the ruling of the lieutenant governor as head of the board authorized to canvass the vote of state officers.

## JACKSONTOWN FARMERS' MEETING WELL ATTENDED

A splendid attendance greeted the speaker at the Jacksonville agricultural extension school, Monday afternoon. Mr. Barker brought out some new and interesting things about ground stone. Mr. Thompson discussed "Principles of Breeding." This talk is preliminary to later talks along the same line. Mr. Muscunum, who attended the school at Helton two years ago, said the extension school is a great help to the farmer because he can take in the whole school, but there was so much going on farmer's work he could not see it all. It's possible the Thormville bus will make the extra trip in the morning from Newark.

Farm bureau office in the Chamber of Commerce will give particulars to those interested.

## CIVIL WAR BEGINS IN BERLIN; MANY FLEE FROM CITY

Banks Barricaded and Spartan Seize Many Public Buildings.

## ARMED WORKMEN THROG STREETS; SHOTS ARE FIRED

Government Plans To Make Attempt to Storm Spartacus Stronghold.

(ASSOCIATED PRESS TELEGRAM)  
Copenhagen, Jan. 7.—Berlin is in a state of complete anarchy and civil war has begun there, according to the Munich correspondent of the Politiken. His information, he says is based on telephonic messages from the German capital. All the banks are barricaded and a great number of the public buildings are in the hands of the Spartacus or extreme radical group. Thousands of armed workmen of the Spartacus faction, the correspondent reports are crowding the streets and at several points firing has begun. The sound of machine gun fire could be heard from all parts of Berlin.

The message reported the intention of the government to make an effort to storm the building of the police guards later in the day and take possession of all the machine guns and cannon there. Dr. Karl Liebknecht the Spartacan leader has been seen here and there about the city organizing his troops for the final fight, which the correspondent says is expected to begin soon. Hundreds of persons are reported fleeing from the city.

Reports from Berlin on Monday relayed through Amsterdam indicated a disturbed condition of affairs in Berlin on Sunday due to another attempt of the Spartacus group to obtain control of the city and thereby of the central German government. The ultra radical forces opposed to the Ebert government rallied forth from their strong hold near the district which contained the principal newspaper plants together with the office of the Wolff bureau the semi-official news agency.

Apparently the government still retains control of the German wireless service for the time being, but these reports of revolutionary activities on the part of the Spartacus section came an official wireless message declaring that Germany was about to take diplomatic and military measures against Russia. The Bolshevik government for her own protection. The Spartacus section has maintained close relations with Russia. The Bolsheviks and apparently it was the presence in Berlin of 21,000 Bolsheviks, coming from Russia, who are propagating Bolshevik ideas in cooperation with the Liebknecht group that precipitated the Ebert government's declaration of a virtual state of war between Germany and Russia.

## LIEBKNECHT FOLLOWERS HOLD PARADE IN BERLIN

(ASSOCIATED PRESS TELEGRAM)  
Berlin, Monday, Jan. 6.—(1 p. m.)—The Spartacus group is engaged today in a big demonstration against the government. Tens of thousands of followers of Dr. Karl Liebknecht have been parading in Unter den Linden and the Brandenburgerstrasse and as this dispatch is filed are returning along Unter den Linden. Up to this time no shots have been fired.

The Wilhelmstrasse from Unter den Linden to below the Leipziger Strasse is packed full of government sympathizers, who have been standing there for two hours. It appears to be the government's plan to prevent the Spartacus demonstrators from taking away their opponents' standards. Spartacan soldiers took a stand in open order in front of the Hotel Adlon with their rifles ready, but there was no firing.

The Spartacus marchers, with the exception of workmen from certain factories, comprise the scum of the city and four-fifths of the whole number are bedraggled women and young girls. The American flag has been hoisted over the Hotel Adlon where the American officers belonging to the Bolsheviks and the food commission are living. Opinion seems general that only a miracle can prevent blood-letting before the end of the day.

## BOLSHEVISTS ARE AIDING UPRISING OF SPARTACANS

(ASSOCIATED PRESS TELEGRAM)  
Copenhagen, Jan. 7.—Adolph Joffe and M. Tarkovsk, leaders of the Bolshevik mission to Germany, are in Berlin assisting Dr. Liebknecht and Rosa Luxemburg in forming a Bolshevik revolution. According to advances received here they are believed to be at the police headquarters which is the stronghold of the Spartacans. The independent socialists, whose leaders have recently dismissed from the government are reported to have gone over entirely to the Spartacans. These leaders are making a declaration declaring that the final fight to preserve the revolution must now be fought.

## DON'T THROW AWAY YOUR OLD SHOES

Make Them Wear Like New—As Did This Canadian Officer

A Canadian army officer, William Pemberton, of the famous Princess Pat Regiment, told of the extraordinary wear given him by a pair of army boots twice repaired with Neolin Soles.

"Six months of trench warfare under destructive conditions put the first pair of Neolin Soles out of business," said Lieutenant Pemberton, "but ordinary soles would have gone to pieces in much less time."

Don't throw away shoes that can be repaired. Have them re-bottomed with tough, durable Neolin Soles. Any cobbler or repairman will do the work for you. The price is no more than for shoes that give less wear. Remember, Neolin Soles are created by science to be what soles should be. They are flexible and waterproof as well as durable. They come on new shoes of all styles. They are made by The Goodyear Tire & Rubber Company, Akron, Ohio, who also make Wingfoot Heels, guaranteed to outwear any other heels.

## SOME RESULTS OF WARFARE

Awful Price That Is Paid In Broken Lives as Well as In Dollars and Cents.

In an aerodrome in France is an attendant. He wakes the boys, looks after their clothes. That is all he is fit for now. But he is treated with the greatest respect, for he was once an aviator himself. Sometimes he murmurs to a newcomer, as if in apology for his present occupation: "I spent 500 hours in the air." Five hundred hours, and he is now a nervous wreck! The other day a Canadian invalid aviator passed through Chicago. We rode with him for a few hours on the train. He will never fly again. He has no lesions, no broken bones. His nerves are gone. In his last flight his muscles, through sheer nervous strain, refused to function, and he dropped like a plummet for 5,000 feet—a mile—and redressed his machine just in time to save himself from annihilation. Each time that the brakes of the train began to grind his lips would set like the jaws of a steel trap. The motion of the slowing train was like that of falling. Each time it happened he would apologize in a stuttering voice. Then he would apologize for stuttering. Before that awful dive from cloudland he had never stuttered, he said. We know something of the cost of dreadnaughts, torpedoes and the shells of 14-inch guns. We give little thought to rifle cartridges. But they cost five cents apiece in America and 15 cents apiece, it is estimated, by the time they are delivered to the firing trench. These rifle cartridges are used in the machine guns, and an ambitious gunner can use up \$97.50 worth of them every 60 seconds—almost the receipts from two small Liberty bonds.—Chicago Evening Post.

## FLIGHT NOT PRINCE'S FIRST

Former Heir to German Throne Jumped From Window to Escape Oncoming French.

The former crown prince of Germany never took unnecessary chances. His flight from his radical-swept "fatherland" is in keeping with traits he exhibited to the French during many incidents of the great war. In a letter received at Chicago from Sgt. Ralph Sinclair of the mobile ordnance repair division, a veteran of Chateau Thierry, the one-time heir to the German crown is described as jumping from a window to flee from the oncoming French.

The story was told Sergeant Sinclair by the mistress of a French chateau near an American camp.

"It was during the first German drive in 1914," Sergeant Sinclair wrote, "when they swept down into France in the full flower of their military power. She saw the tired Pollux fall back, worn out with nine days of ceaseless fighting to stem that apparently irresistible army. Then she saw the great German war machine roll on. Some of the German high command came to her chateau, and then a resplendent figure on horseback. He swung an emerald-headed swaggerstick and bore himself with an air of conscious superiority—the crown prince.

"He informed the lady of the chateau that on the morrow his troops would be in Paris. But six miles back the tired Pollux had halted and fought the first battle of the Marne. And quite suddenly and unexpectedly the great German army started to go back—with them the resplendent crown prince, who at the first news of defeat jumped from the window of a neighboring chateau where he was staying and fled."

**What He Wanted to Say.**  
General Biddle said at a London garden party:

"The doughboy in France has a lot of trouble with the French language. A doughboy sat on a bench in the Tuilleries gardens one day and thumbed a French phrase book discontentedly.

"'This here book,' he growled, 'don't tell you what you want to say at all. It tells you how to say the uncle of your mother is sixty-five years old, or the sister of your wife has bought a cow, or the umbrella of your neighbor is in the attic, but I don't want to say nothing of that kind.

"'What I'm after,' said the doughboy, 'is a book that tells you how to say: "Your face is familiar—ain't we met before?" or "Gee, them eyes!" or "Little girl, you sure do look out o' sight in that swimmin' suit!"'—Dallas News.

## "Silence Lanes" in Fog.

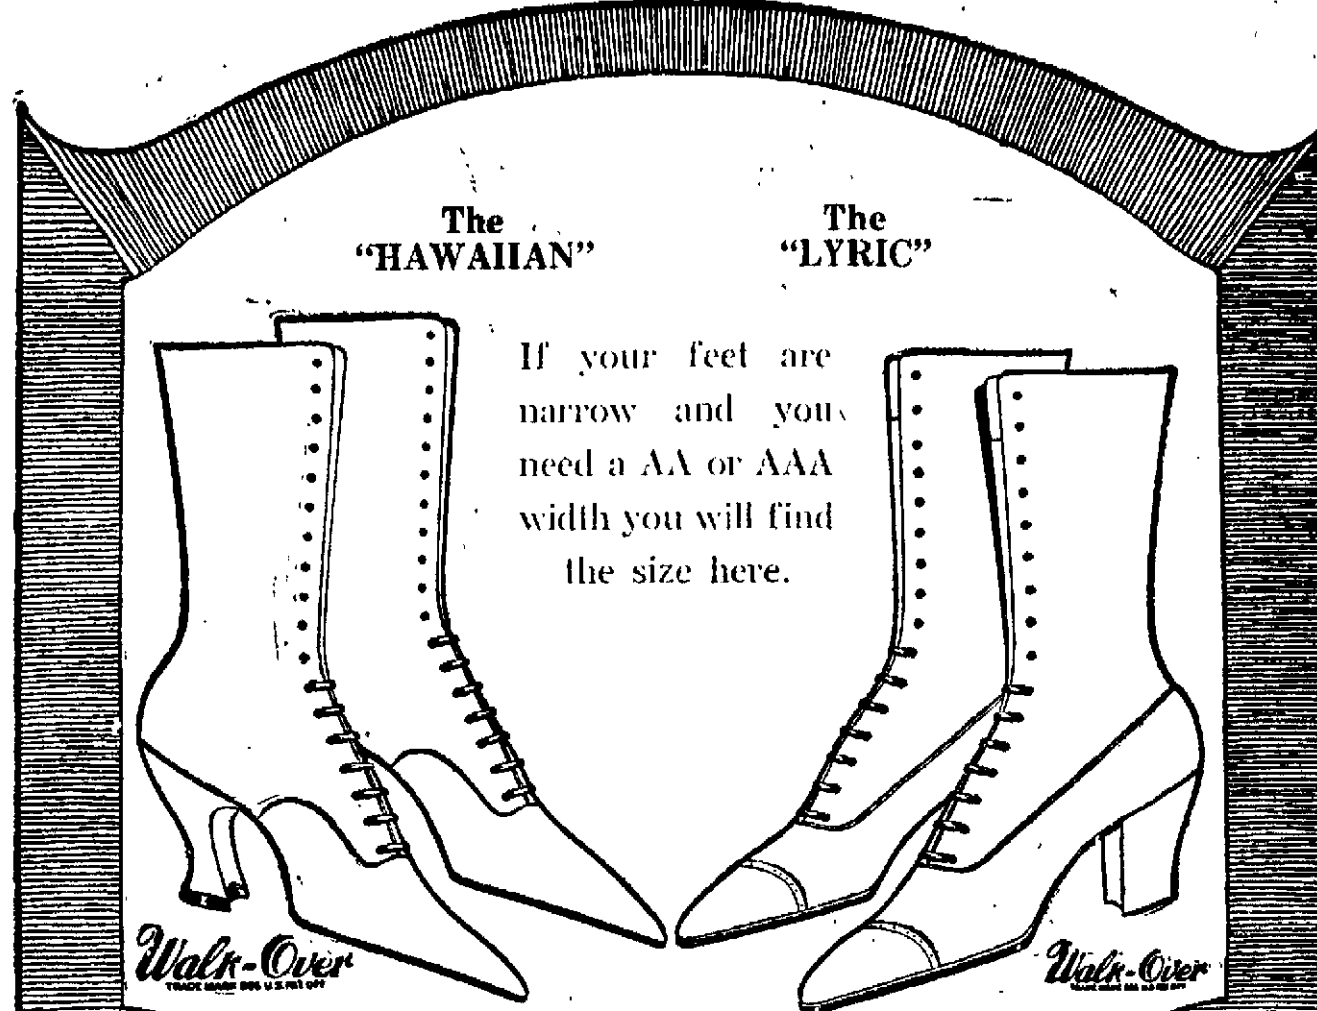

One of the freaks that mariners have to contend with is silence lanes in fogs. These lanes not only retard the sound of foghorns, but stop it entirely. A lookout man on a ship may not be able to hear the foghorn of a close-by vessel if his ship is in one of those silence lanes in time to give warning of its proximity.

It sometimes happens that there is a zone through which the sound carries exceptionally well, and the lookout men of vessels in such a zone are unable to judge the distance away of another vessel, whose foghorn they hear so distinctly.

## Horses Generously Fed.

Horses in the veterinary hospitals on the British front in France were fed four times a day. The more debilitated ones were fed five or six times. When they were particularly run down the patients got nothing but cooked foods. They received tonics, too, and it was remarkable to see the improvement in their condition that a few weeks effected.

It costs the average man more than a dentist's bill to cut his wisdom teeth.

## Famous Old Recipe for Cough Syrup

Easy and cheaply made at home, but it beats them all for quick results.

Thousands of housewives have found that they can save two-thirds of the money usually spent for cough preparations by using this famous old recipe for making cough syrup at home. It is simple and cheap to make, but it really has no equal for prompt results. It takes right hold of a cough and gives immediate relief, usually stopping an ordinary cough in 24 hours or less.

Get 2 1/2 ounces of Pinex from any drugstore, pour it into a pint bottle, and add plain granulated sugar syrup to make a full pint. If you prefer, use clarified molasses, honey, or corn syrup instead of sugar syrup. Either way, it tastes good, keeps perfectly, and lasts a family a long time.

It's truly astonishing how quickly it acts, penetrating through every air passage of the throat and lungs—loosens and raises the phlegm, soothes and heals the membranes, and gradually but surely the annoying throat tickle and dreaded cough disappear entirely. Nothing better for bronchitis, spasmodic croup, whooping cough or bronchial asthma.

Pinex is a special and highly concentrated compound of genuine Norway pine extract, known the world over for its healing effect on the membranes.

## Jiffy-Jell

Is Flavored With Fruit-Juice  
Essences in Liquid Form—In Vials

Note that Jiffy-Jell flavors come in liquid form, in vials. There's a bottle in each package.

The fruit flavors are essences made from the fruits themselves. They are made by condensing the fresh-fruit juice.

They are not artificial. They are not dry flavors. They are real-fruit essences preserved in glass.

### A Wealth of Flavor

The flavors are abundant. We use, for instance, half a Pineapple to flavor one Jiffy-Jell dessert. We use 65 Loganberries to make one vial of Loganberry flavor.

We use cherries, strawberries, raspberries, etc., in equal abundance for those flavors. So Jiffy-Jell desserts taste like fresh-fruit dainties. Imagine half a ripe Pineapple or 65 Loganberries used in one

dessert. You get just that in Jiffy-Jell through these condensed fruit essences.

### Their Freshness Keeps

Scaled in glass, these fruit-made flavors retain their fragrant freshness and their strength.

This method is essential to any true-fruit flavor. The finest flavors are most volatile. These liquid fruit essences in vials—fresh and abundant—have revolutionized quick gelatine desserts.

### 12½ Cents Per Dinner

A single package of Jiffy-Jell serves six people in mold form, or twelve if you whip the jell. All for 12½ cents. So these exquisite desserts, with a wealth of fruit essence, cost much less than pies or puddings.

Jiffy-Jell comes ready-sweetened, in proper color and acidulated. You simply add boiling water, then the flavor from the vial, and cool in molds. It means but a moment's effort.

At that slight cost, with that little trouble, you get the finest fruit desserts in existence. And you get your choice of the finest fruits that grow.

But you get that in Jiffy-Jell only—not in the old-style desserts. Jiffy-Jell is the only quick gelatine dessert with these true fruit flavors in vials. Yet it costs no more than others.

## Fresh-Fruit Desserts

At Your Instant Call for a Trifle

Consider what Jiffy-Jell means to you in this midwinter season. Fresh fruits are very costly. Canned fruits are scarce and high. Yet fruit is essential in a hygienic diet.

Jiffy-Jell, with its bottled flavors, brings you the choicest fruits. It brings all the delights, all the healthfulness of fruits, at a fraction of what fruit costs.

The desserts are made in a Jiffy. They cost much less than most fruitless desserts. And each dessert contains an abundance of condensed fruit juice.

Jiffy-Jell is not a dainty made to taste like fruit. *It is fruit.*

Every home will serve it when the housewife knows it. We make this offer to urge you to find it out.

## Jiffy-Jell

Real Fruit Dainties Flavored  
With Condensed Fruit Juices

We make these mold offers to induce you to try Jiffy-Jell this week. Millions now enjoy it, and we want you to know what it means to you—now when you need fruit most.

Compare it with the old-style gelatine desserts which lacked these bottled flavors. It will be a revelation. Until then, you have no idea how good these dainties can be.

### Four Favorite Flavors

Loganberry is our favorite berry flavor. It is made from these famous Oregon berries which are too thin-skinned to ship. They combine the raspberry with the wild blackberry in the finest berry grown. Get that for one of your flavors.

Pineapple is the most exquisite fruit flavor. It was impossible in the old-style jells, for the flavor is volatile. It must be sealed to keep. Get that for another flavor.

Then get the Lime and Mint for the reasons we state below. We want you to know all that Jiffy-Jell means to you.

### For Salads and Garnishes

Lime flavor—made from lime fruit—makes a tart, green salad jell. Serve it with your salads or mix the salads in before cooling. Use cooked or uncooked vegetables. Left-overs can thus be utilized in a delicious salad jell. Or mix in meat scraps and make an appetizing meat loaf—meat in aspic.

Lime for Salad Jell

Mint flavor—made from mint leaves—makes a garnish jell rich in fresh-mint flavor. Use in place of mint-sauce in serving cold meats or roast lamb. Or use as a relish jell.

### \$1.35 Value for 75c

## GRANVILLE

(Special to the Advocate.)

Granville, Jan. 7.—The Travelers' club staged a diverting stunt Monday afternoon before active and associate members, entitled "The Sweet Family" under direction of Miss Martha McCune, chairman of the entertainment committee. It was burlesque in character, each performer, from "Maw Sweet," down through the ranks of her seven gifted daughters, presenting a truly extraordinary interpretation of her role. There was the beautiful eldest, whose voice had been trained; another who was so delicate as to faint on the slightest effort, but who delivered a rousing address on Women's Rights; the twins who could be told apart only by the blue and the pink bows worn respectively, one of whom was a writer the other a musician; the stately recitationist of great renown; the disappointed one who wrote "pome after pome which always affected her family to tears"; the bashful one who rose to the occasion by reciting in impromptu manner a familiar classic and lastly the musical one who had to be brought along with her playthings because there was no one to leave her with. In the above order of mention, the dramatic personae included Mrs. T. F. Chambers as the dominating genius of the show, the devoted mother of seven, who was handsome and impressive, and who gave a topical song involving several of the club members as well as an original poem on Granville; Mrs. W. E. Clemons, Mrs. E. P. Cook, Mrs. Dargrow and Miss Herrick, Mrs. Mary N. Clarke, Mrs. Mrs. Mrs. Pearl Pierson and Mrs. M. E. Stickney. An informal reception followed the performance. The company of players was invited by one of the cast to see Tolstoy's "Resurrection" in the Opera House in the evening, as the club is studying Russia this year, and is soon to present a paper on that great reformer.

The King's Daughters met in their rooms Monday evening for a regular rally. Refreshments were served and a good time enjoyed by the large number present. The devotional service was led by Mrs. H. P. Shedd, and a brief program followed in which delightful readings were given by Miss Abbie Davies and Miss Gertrude Carpenter, and a charming song recited by Mrs. J. W. Rohrer, accompanied by Mrs. Mabel Ashton. The Daughters will meet next Monday afternoon and evening to sew for the Red Cross.

Captain N. Worth Brown, M. R. Captain Brown has had a varied career since leaving Danison where he was a member of Sigma Chi fraternity. Having established a large medical practice in Danison, he left with his family for Chicago, head of the household, but he stepped forth, by Adams, to join his country's mission. While in the country he saw active hold service in the position of 1911. His wound in the leg in his country's service, as mentioned by the name, Mrs. Brown is one of the children of 14. He is now in Danison.

Mrs. A. B. Hammond will entertain the Daughters' club next Tuesday, Jan. 8, at her home on College street.

### SNAKE KILLED AS SNOW IS FLYING

A large spotted snake, quite active despite the fact that a January snow storm was in progress was killed Monday morning in Granville street by Ad Pulk, Granville street grocer. The reptile was found in a bunch of bananas.

It was about three and a half feet in length, had a small head and neck, was brilliantly colored in white and yellow spots. No one who saw the snake, ventured a guess as to its name.

Pulk found the reptile when he went into the banana room at his store to cut some fruit from a bunch which came from the commission dealer last Friday. The room is heated to a high degree to ripen the fruit. In the dim light he noticed two bright spots gleaming in the darkness. An investigation revealed the snake. The bunch of bananas was taken into the street and his snakeship driven from his warm retreat into the cold world. A blow from a club broke his back and ended his venture into the north temperate zone. He was draped over the limb of a tree back of the grocery for the inspection of those interested.

## AUDITORIUM.

"The Cavell Case."

A remarkable play is being screened at the Auditorium and it will be shown both today and tomorrow. It is long none other than a remarkable story taken from Brains Whitlock's story of the execution of Nurse Cavell. It is called "The Cavell Case, or The Woman the Germans Shot." It was made as a special by J. L. Plunkett and J. J. Carroll and sold to the Select Picture Corp., who are placing it on the market and at an added expense Mr. Fenberg has it at his cozy playhouse for a three-day showing. Large crowds yesterday sat in amazement through the entire six reels. Julia Arthur, famed the world over as a great actress is seen as the British Red Nurse.

Although Edith Cavell loved and loved by George Brooks, she refused to marry him because she believed there was a greater duty in life for her. A few years later Edith Cavell was the director of three Belgium hospitals and instructed at the Belgium School for Certified Nurses.

On one of her visits back home she again meets the sweetheart of her childhood days, who has since become blind. Brooks has returned with his only son, Frank, to prepare for an operation which may restore his eyesight.

The same day that George regains his eyesight Germany declares war on France and begins its invasion of Belgium. England has already begun to mobilize. Frank Brooks enlists and Edith Cavell goes back to her post of duty in the Brussels hospital.

Later, Brooks is informed that his son is missing and he writes to Edith, asking her to find him. She meets him one day and helps him to escape. She is discovered and imprisoned. Despite the many promises of the Germans to the American people that they would not harm her, on October 12th they lined her up against the wall and shot her. If you cannot see it today, arrange your business affairs, so as to see the last showings Wednesday evening.

at the head of a talented company of musical comedy artists. Mr. Gabery has devised an attraction which fairly vibrates with tunefulness, original situations and delightful comedy detail. It is, as a matter of fact, a rapid fire farce comedy of true laugh assistance. The producer has mounted the production in a most magnificent way, sparing neither trouble nor money in his effort to fit it out with the best in the way of scenic and costume grandeur. Those who delight in good clean fun will laugh to their heart's content at the many complications developed during the progress of the story while tuneful musical numbers are interpolated in a way that permits of no let up in the rapid flow of events. "I'm So Happy" has but one mission and that is to make everyone happy. It may be said without exaggeration that it succeeds in fulfilling its mission in every way. Seats are priced on side this afternoon and from indications a large crowd is assured.

"The Whispering Chorus." Surpassing in interest any picture heretofore displayed at the Auditorium theatre, "The Whispering Chorus," a special Cecil B. ## SEES SUB SUNK BY U. S. SHELLS

E. S. Randolph Declares Incident Lacked Thrill Because Land Lubbers Did Not Know What Was Going On.

The destruction of a German submarine which carried E. S. Randolph of Newark to England, was an interesting sight, Randolph says, but it lacked the thrill because none of those on the ships knew what the firing was for, until after the ships were safe in harbor. The Newark man, in a letter to the Advocate, tells of his preparation for work in France with the Y. M. C. A. and of his trip across the ocean. The letter contains a promise to tell more of his experiences in London and in France. The letter, written at Lonsdale, France, November 22, follows:

"Thinking my Licking county friends may be interested in my experiences since leaving Newark, I offer this letter through the columns of your valued paper. I left Newark September 30th. The number of my friends who were at the station to see me off was very gratifying and I sincerely thank them all.

"I was in New York the next morning, and spent a week at Columbia University as a member of the 20th conference of Y. M. C. A. secretaries. The conference was composed of a few less than 150 men from all walks of life and from nearly all of the states, though most were from the north and west.

"There were farmers, business men, ministers, doctors and several lawyers. Our work consisted of a little French, lectures, and some very vigorous work on the athletic field. It was most strenuous but very interesting. The men entered the college recitation rooms with all the enthusiasm of college students. We were instructed in French by the sound method of one of our French teachers was a very charming mademoiselle. Four members of the conference were from Ohio, one being a Mr. Powell, a lawyer of Toledo, and a brother of the Judge Powell of the court of appeals. Another was a Lieutenant Governor of Kansas, who was also with our party of Y. men on the way across till we separated in Paris, also a very genial newspaper man coming from Hutchinson, Kansas.

"After our week's conference at Columbia, we were in New York until October 13, procuring our equipment and making our arrangements for sailing. On Sunday, October 13, we slipped quietly out of New York harbor past the Statue of Liberty, passing a U. S. battleship on which the band was playing 'We Won't Come Back Till We Over, Over There,' and the sailors cheering heartily. The morning was bright and clear, and the weather for the whole trip across was all that could be desired. Besides our party of 15 Y. men there was a party of 30 K. C. men coming to France on the same mission.

"Our convoy consisted of 12 transports, conveyed by two U. S. cruisers, and a submarine chaser. The vessels seemed to keep the same relative positions for the whole trip across, but each vessel continually changing its course.

"At no time was the sea rough, and nobody was seasick, a striking contrast to the experiences of some of the soldiers and Y. men on their way over, as I have been told by some of them.

"One bright clear morning off port we saw several shots fired by one of the chasers of the convoy. It was very interesting to see the flash as the shot was fired and later hear the report. We were not advised at the time as to what was occurring, but were told after our arrival on this side that the shots were fired at a submarine, destroying it. The incident would have been appreciated more, had we known this at the time. As it was it was interesting, but lacking in thrill.

"The K. C. men were mainly Irishmen, happy, genial and always talkative. Particularly they gave full expression to their feelings of appreciation, through the mist, the northwest coast of Ireland came in view. Why shouldn't an Irishman be happy at sight of Erin?

"We had interesting views of Ireland and the barren shores of Scotland as we rounded the north of Ireland and sailed down the Irish Sea to Liverpool, which we reached late at night, October 23. During this last day and night the ships' officers were very alert, and on the lookout for submarines, scanning the surface of the sea continually. We had our life belts on all the time at sea, except at night in our cabins, when we were instructed to have them in reach. The night of our arrival at Liverpool we slept without disturbing, though we did not expect to disembark till the next morning, and in fact did not do so till about 10 o'clock the next morning.

"That night we boarded one of the strange English trains for London, a jolly bunch of eight Y. men occupying a whole apartment, smoking and singing. Of London later perhaps."

## Who Should Take Nuxated Iron & Why

Physician Explains—gives Practical Advice on What To Do To Build Up Your Strength, Power and Endurance And Increase The Red Blood Corpuscles.

Commenting on the use of Nuxated Iron as a tonic, strength and blood builder, Dr. James Francis Sullivan, formerly physician of Bellevue Hospital (Outdoor Dept.), New York, and the Westchester County Hospital, said: "Modern methods of cooking and the rapid pace at which people of this century live have made such an alarming increase in iron deficiency in the blood of American men and women that I have often marveled at the large number of people who lack iron in the blood, and I never suspect the cause of their weak, nervous, run-down state. Lack of iron in the blood not only makes a man a physical and mental weakling, nervous, irritable, easily fatigued, but it utterly robs him of that virile force, that staminal strength and will which are so necessary to success and power in every walk of life. It may also transform a beautiful, sweet-tempered woman into one who is cross, nervous and irritable. I have strongly emphasized the necessity of physicians making blood examinations of their weak, anemic, run-down patients. Thousands of persons go on year after year suffering from physical weakness and a highly nervous condition due to lack of sufficient iron in their red-blood corpuscles without ever realizing the real and true cause of their trouble. Without iron in your blood, your body merely passes through the body, something like corn through an old mill with rollers so white that the mill can't grind.

"For want of iron you may be an old man at thirty, dull of intellect, poor in memory, nervous, irritable and all run down, while at fifty or sixty, with plenty of iron in your blood, you may still be young in feeling, full of life, your whole being oozing over with vim and energy.

"As proof of this take the case of Former United States Senator and Vice-Presidential Nominee Charles A. Towne, who at past 58 is still a veritable mountain of tireless energy. Senator Towne says: 'I have found Nuxated Iron of the greatest benefit as a tonic and regulator. Henceforth I shall not be without it. I am in a position to testify for the benefit of others to the remarkable and immediate helpfulness of this remedy, and I unhesitatingly recommend Nuxated Iron to all who feel the need of renewed energy and the regularity of bodily functions.'

"Then there is Former Health Commissioner William H. Kerr, of Chicago, who is past the three score years mark, but still vigorous, active, full of life, vim and energy. Former Health Commissioner Kerr says he believes his own personal activity today is largely due to his use of Nuxated Iron and that he believes it ought to be prescribed by every physician and used in every hospital in the country.

ungrateful, though he has seen much. His brother, Carl Loughman, for action and has heard the shells, and whom he inquires, is stationed with the 25th regiment at La Rochelle, France, and on December 8, he wrote Mrs. Shaffer as follows:

"Just a few lines to let you know I am still living and working hard every day. This is no place to come if you are here, because it is all work over here. I am feeling alright, about as healthy as I always was.

"I wrote to Bert about a month ago to the address that you sent me, but I haven't heard from him yet. I have never written to Gracie Krueger yet, but I will the first chance I get. I have been made a first class private, and that is all I care to be.

"I haven't received any mail from you for two weeks. I was getting letter from you and 'Babe' every week until last week. About all the folks are getting anxious to get back home to live. I heard the 25th engineers were down in southern France. I think that was the regiment he went in. Well, folks, don't know much back as the next one."

"What is worth doing at all is worth doing well," quoted the Wise Guy. "You're no use to try to be whole, rugged in a halfhearted sort of way," added the Simple Muz.
